

You may access the worship set for Choir Sundays through Planning Center Online. There is one account set up for all the choir members to share. (Please contact me if you run into any difficulties.)

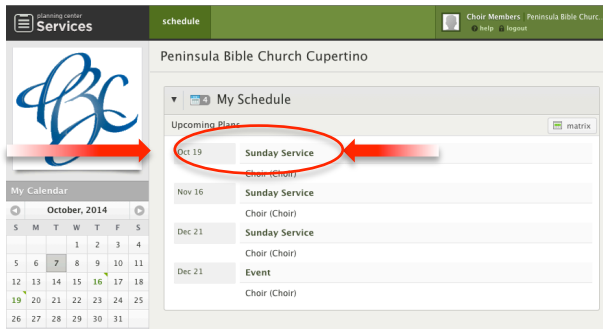

Navigate to: <https://accounts.planningcenteronline.com/>

Your Login credentials:

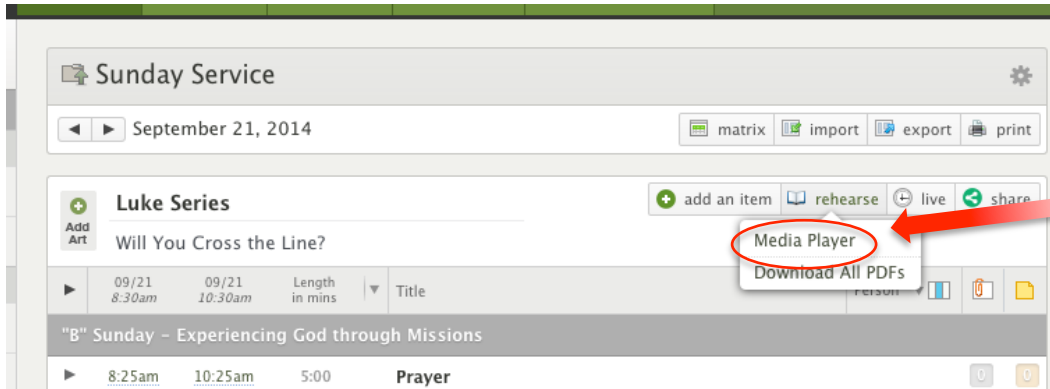

Username: choir.members@pbcc.org

Password: PBCCchoir

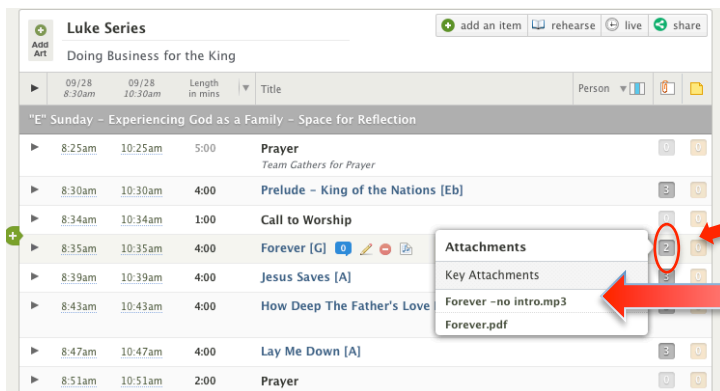

When you are logged in, the first thing I expect you will see is a list of the Sundays the choir is scheduled for. You may click on those dates to go to that Sunday's plan

Please don't click on the "decline" button that will pop up when you hover over the date.

In order to access the materials, hover over "rehearse" and then Click "Media Player"

Alternatively, you can access individual songs by hovering over the number to the right of the song in the plan list.

Then click on the MP3 file name you want to listen to.
